Italian style

Peg Perego is delighted to present two statement systems which ooze Italian style and stand out in the UK marketplace: Vivace and Veloce.

The exceptionally light Vivace Modular System includes a reversible seat unit, a spacious and comfortable bassinet and a reclinable i-Size car seat. It launches in two Special Edition colourways, Blue Shine, an intense and vibrant deep blue fabric combined with bright bronze details and Licorice, a chic style exemplified with tone-on-tone eco-leather.

The Veloce Modular System has become one of Peg Perego's best-selling systems thanks to its sleek lines, ultra-compact fold and roomy, reclinable, reversible seat. Its iconic FIAT 500 branded collection combines superior style with sustainability.
