## Sail away

Distributed exclusively by Halilit, the new musical boat cot toy is an ingenious 3-in-1 toy. From birth, the musical boat cot toy attaches to the cot rail and plays relaxing sounds. Stars are projected onto the ceiling, while the owl character sails and bobs along the base. As baby develops, the base can be placed on the floor for baby to enjoy tummy-time, which encourages baby to lift their head and strengthen neck muscles. When baby is becoming more

mobile, the boat can be used independently of the base sailing slowly along the floor, which encourages baby to crawl after it. **Visit Halilit on Stand D8**

## Easy carry

The Snugglebundl solves the problem of moving a sleeping baby without waking them. It is a wrap that works like a hammock so it offers full head support and even allows parents to take a child out of a car seat fast asleep. Featured on several television shows, the product is becoming a 'must have'. A free digital photo display unit is offered for the first ten orders over 12 units placed at the show. **Visit Snugglebundl on Stand HP133**

## Leather luxury

KeriKit is the new luxury changing bag brand with fashion, quality and functionality all top of the list. They are the epitome of luxury and the most functional handbags available lasting well beyond motherhood. Using the finest leathers, the exterior exudes luxury and on the inside functionality reigns! The innovative IRO (Internal Removable Organiser) is a handy little liner for the bag - which keeps everything in its place. It can also be removed to wipe clean or when no longer needed. The KeriKit bag then returns to being a gorgeous oversized handbag that will last for years. **Visit KeriKit on Stand HP93**

## Handmade in Spain
