

Things to remember

With less than a month until the show, visitors can find everything they need to know about **Harrogate International Nursery Fair** on the website at www.nurseryfair.com

The [Hall Plans](#) will show you the layout of the show and where you can locate your favourite brands: The [Exhibitor List](#) is what it says on the tin – and here you can find details of the companies attending, contact details and information about the products they will be showing. The [Official Accommodation and Concierge company](#) – Mice Concierge – has secured some great deals on Harrogate hotels, so if you haven't already, be sure to get in touch and get your rooms booked.

Finally, exhibitors are now starting to share their exclusive [SHOW OFFERS](#) and these are being added to daily, so keep checking to ensure you get the best value from your visit. Also, don't forget to check your [registration details](#) so that you can quickly print off your badge when you enter the show!

Relaxing space

The award-winning Done by Deer cozy lounger with a removable activity arch is designed to follow the baby around the house during the day – perfect for comfort, play, and tummy time. It encased the baby in a safe and cozy space and the inside stitches create a triangular shape to ensure the baby's head is always resting in a comfortable and safe position. Attach the baby's favourite toys to the arch to encourage fun tummy time practice. As the child grows, the legs can rest in a natural position on the edges, making it safe for the child's hip development.

Evolving system

ABC Designs will be unveiling the YIPPY at Harrogate, which is more than just your usual highchair.

Its innovative and adaptable design not only offers comfort and safety, but also adapts for all the family to use no matter their age.

The click system ensures you can change the seat to suit your needs in a matter of seconds with no tools and folds completely flat to store or transport. YIPPY has an ergonomic sitting position which is so important as little ones grow and develop to help protect their spine and sit them in a fully supported natural position. The newborn set is available as an optional extra – this is a padded pod attachment with a 5-point harness and can be angled in two different positions, as they grow and begin to sit up the starter set then comes into play and the additional harness and tray. Available as a complete

system or as separate items. RRP starts from £179.90.
